## FEATURES AND BENIFITS

- **Complete Rust & Scale Removal:** Effectively eliminates rust, scale, and lime deposits.
- **Oil, Grease & Grime Removal:** Dissolves and removes oil, grease, and other contaminants.
- **Restores and Brightens:** Revitalizes stainless steel surfaces, leaving them bright and clean.
- **Rust and Tarnish Free:** Leaves surfaces free of rust and tarnish.
- **Rapid Penetration:** Ensures quick and efficient cleaning with rapid wetting and rinsing.
- **Protective Coating:** Forms a protective layer on steel surfaces, enhancing paint adhesion.
- **Non-Corrosive Action:** Inhibited against attack on ferrous metals.

## UCA METAL CLEANER AND BRIGHTNER

### PRODUCT DESCRIPTION:

Discover the exceptional cleaning power of UCA METAL CLEANER AND BRIGHTNER, a super-duty stainless steel cleaner designed to tackle the toughest rust, grease, oil, and lime deposits. This innovative product combines the functionalities of a rust remover and degreaser, allowing you to clean and restore your stainless steel surfaces in one simple step. Perfect for pre-cleaning before the pickling process, UCA METAL CLEANER AND BRIGHTNER effectively removes contamination from welding processes, atmospheric stains, and rain deposits, leaving your surfaces gleaming and protected.

### APPLICATIONS:

UCA METAL CLEANER AND BRIGHTNER is ideal for use on stainless steel surfaces in various industrial and marine environments. It excels in pre-cleaning before pickling, decontaminating surfaces after welding, and brightening stainless steel affected by environmental factors.

### DIRECTIONS FOR USE:

1. **Preparation:** Remove loose dirt, scale, and rust by sweeping or brushing prior to use.
2. **Application:** Apply UCA METAL CLEANER AND BRIGHTNER to the surface to be cleaned using a brush, spray, or by dipping. The product can be used undiluted or diluted with water (1 part cleaner to 2 parts water), depending on the level of contamination.
3. **Scrubbing:** Scrub the surface where required and leave the product to react for 10 to 35 minutes.
4. **Rinsing:** Rinse the surface thoroughly with high-pressure water after the reaction time. When used on aluminum, rinse off within approximately 5 minutes from application.
5. **Note:** It is not recommended for use on zinc, tin, or galvanized surfaces.

Choose UCA METAL CLEANER AND BRIGHTNER for an efficient, effective, and environmentally friendly solution to keep your stainless steel surfaces pristine and protected. Experience the superior cleaning power that simplifies maintenance and enhances the appearance

### PHYSICAL PROPERTIES:

Appearance:	Clear Liquid
Density [g/ml]:	1.3
Form:	Liquid
PH:	<1
