# UniClean America

#### FEATURES AND BENIFITS

- Powerful Detergency: Removes stubborn dirt, grease, and oil deposits effectively.
- Disinfectant Properties: Kills 99.99% of bacteria, ensuring a hygienic clean.
- Pleasant Smell: Deodorizes bad odors, leaving a fresh fragrance.
- Rapid Penetration and Rinsing: Ensures quick and efficient cleaning.
- Multi-Functional: Reduces the need for multiple cleaners onboard, saving time and storage space.
- Safe and Effective: Nonflammable, non-corrosive, and safe for use on various materials including ferrous metals, aluminum, tin, zinc, copper, and their alloys.
- Economical: Highly concentrated formula provides cost-effective cleaning solutions.
- Versatile Application: Suitable for a wide range of cleaning tasks in marine, industrial, and food service environments.

## UCA+ MARISOL HEAVY DUTY

### PRODUCT DESCRIPTION:

Introducing UCA+ MARISOL HD, the ultimate Non caustic Alkaline all purpose cleaning and degreasing agent designed to meet the diverse needs of marine and industrial applications. This biodegradable, highly concentrated cleaner is perfect for tackling tough dirt, grease, and oil deposits without the use of harsh chemicals. UCA+ MARISOL HD combines powerful detergency with a pleasant fragrance, ensuring a safe and effective cleaning experience.

#### **APPLICATIONS:**

UCA+ MARISOL HD is ideal for a wide range of cleaning tasks, including:

**Tank Cleaning**: Suitable for cargo tanks and cleaning of oil and grease residues in heat exchangers and preheaters.

**Rig Wash**: Perfect for cleaning and maintaining the cleanliness of offshore rigs.

**General Cleaning**: Perfect for use in galleys, decks, engine rooms, and food areas.

Textiles and Surfaces: Cleans soiled textiles, rugs, covers, mats, fiberglass boats, and stainless steel surfaces.

**Industrial Use**: Effective for cleaning floors, windows, and aluminum surfaces in both marine and oilfield settings.

#### **DIRECTIONS FOR USE:**

#### General Cleaning:

- 1. Dilution: Depending on the degree of contamination, dilute UCA+ MARISOL HD with water. For light contamination, use a 1-5% solution; for heavy contamination, use up to 20%.
- 2. Application: Apply using a brush, hand spray, or in an ultrasonic bath. For vertical surfaces, add a foaming agent to increase the resident time.
- 3. Cleaning: Leave the solution on the surface for 20-30 minutes before washing off, ensuring the surface remains wet.

#### Tank Cleaning:

- 1. Direct Injection Method: Use a dose rate of 3-9 liters per ton of wash water (0.-0.9%).
- 2. Recirculation Method: Use a dose rate of 3-9 liters per ton of wash water (0.3-0.9%).
- 3. Spot Cleaning: Apply neat or dilute up to 4-10 parts with water. Allow to sit for 30-60 minutes before rinsing.

#### High Pressure Work:

- 1. Dilution: For high-pressure work, dilute 3 liter of UCA+ MARISOL HD with 5 liters of water.
- 2. Application: Apply and let it penetrate for 5-10 minutes before washing off with warm water to enhance cleaning effectiveness. Keep the surface damp to prevent drying.

EXCELLENT QUALITY
ENVIROMENTAL ECOFRIENDLY
