

# UniClean America

## FEATURES AND BENIFITS

- Reaches narrow gaps and threaded connections.
- Helps loosen rusted, tight, or difficult-to-remove parts.
- Reduces friction during dismantling and mechanical servicing.
- Helps protect metal surfaces and components against rust formation.
- Cleans, lubricates, penetrates, and helps prevent rust.
- Reduces the force and labour required when servicing mechanical parts.
- Suitable for marine, industrial, automotive, workshop, and general maintenance use.
- Formulated and engineered in the USA.

## UCA+ PENETRATING OIL | RUST PREVENTIVE

### PRODUCT DESCRIPTION:

UCA+ PENETRATING OIL / RUST PREVENTIVE is a multi-purpose maintenance fluid developed to penetrate narrow spaces, loosen rusted or seized components, provide temporary lubrication, and help protect metal parts against rust.

Its penetrating action reaches threaded connections and tightly fitted mechanical parts, helping reduce friction and simplify dismantling during marine, industrial, workshop, and general equipment-maintenance operations.

### APPLICATIONS:

Loosening rusted or seized nuts, bolts, screws, and threaded connections.

Freeing tight hinges, valves, chains, linkages, locks, and mechanical assemblies.

Temporary lubrication of moving metal components.

Maintenance of marine machinery, industrial equipment, workshop tools, and mechanical systems.

### DIRECTIONS FOR USE: Circulation Method:

- Remove loose dirt, rust flakes, and surface contamination where possible.
- Apply UCA+ PENETRATING OIL / RUST PREVENTIVE directly to the affected component or threaded connection.
- Allow sufficient time for the product to penetrate the rusted or seized area.
- Gently move, turn, or loosen the component using the appropriate tool.
- Reapply when dealing with heavy rust or deeply seized connections.
- Wipe away excess product after servicing when required.
- For temporary rust protection, apply a light, even film to the clean metal surface.

### SAFETY AND HANDLING

- Use in a well-ventilated area.
- Avoid breathing vapours or mist.
- Avoid contact with eyes and prolonged contact with skin.
- Keep the container tightly closed when not in use.
- Store in a cool, dry place away from heat and incompatible materials.
- Refer to the product Safety Data Sheet before handling and application.
