- Suitable for marine, commercial, workshop, kitchen, and industrial drains.
- Helps remove organic deposits that can contribute to unpleasant drain odours.
- USA Formulation: Formulated and engineered in the USA.

UN Number: UN 1719

UCA+ ALKALINE DRAIN OPENER

PRODUCT DESCRIPTION:

UCA+ ALKALINE DRAIN OPENER is a heavy-duty, super-concentrated alkaline liquid cleaner specially developed to open drainage systems blocked by grease, oils, fats, hair, soap residue, and other organic waste deposits.

Its powerful alkaline cleaning action penetrates and breaks down stubborn organic buildup inside drain pipes, helping restore water flow and maintain cleaner drainage systems.

UCA+ ALKALINE DRAIN OPENER is ideal for marine, industrial, commercial, workshop, kitchen, galley, and general sanitation applications. This product is formulated and engineered in the USA.

APPLICATIONS:

- Drainage systems blocked by grease, fats, and oily deposits.
- Kitchen and galley drain lines.
- Sinks, wash basins, showers, and floor drains.
- Hair-contaminated drainage pipes.
- Soap residue and organic-waste buildup.
- Marine accommodation and sanitation drainage systems.
- Workshop and industrial drains affected by oily organic contamination.
- Routine maintenance of drains prone to grease and hair buildup.

DIRECTIONS FOR USE:

- Wear the recommended chemical-resistant personal protective equipment.
- Ensure that no acidic product, bleach, chlorine, or other chemical is present in the drainage system.
- Confirm that the pipe material is compatible with a strong alkaline cleaner.
- Apply UCA+ ALKALINE DRAIN OPENER slowly and carefully into the affected drain.
- Allow sufficient contact time for the product to penetrate and break down the organic blockage.
- Inspect the drainage flow and repeat the application only when required.
- After the reaction has completely subsided, flush thoroughly with plenty of water.
- Check the drainage flow and repeat only if necessary.
